## Doctoral Degree Program

# Graduate School of Medicine Admissions Policy

In front of the entrance to the School of Medicine stands a statue of three goddesses, a symbol of the Faculty of Medicine, smiling and showing the three basic principles of “wisdom, benevolence, and valor.” That is, we are looking for students who have a strong desire to study medicine like the goddess of "wisdom" who holds a book, have dignity for others like the goddess of "benevolence" who holds a medicine jar, and have valor to make a decision to practice medicine like the goddess of "valor" who holds a laurel tree.

Therefore, we accept students:

- Who are willing to take on advanced challenges in cutting-edge medical research.
- Who have a desire to elucidate unknown life phenomena.
- Who have a desire to create advanced medical care.
- Who have an international perspective and can play an active role on the world stage.

\* Please refer to the following for the Diploma Policy, Curriculum Policy, and Admission Policy for each division (department). (Japanese text)

<https://www.omu.ac.jp/about/edu-data/purpose/>

### **Length of Study**

The standard term of study for the Doctoral Program of the Graduate School of Medicine is four years.

However, for those who have made outstanding research achievements, enrollment for at least three years is sufficient.

## 5 Notes on Application

- (1) [4] Application Procedures 1. During the application period, you must complete all procedures, including application registration, payment of the application fee, printing of the application confirmation slip and mailing address label, and submission of the application documents. The application procedure is not completed only after you have registered your application and paid the examination fee. Also, you will be able to print the application confirmation form and the address label after you have paid the application fee.

### (2) Entry of Applicant Information

Please provide an address where postal mail can be received. If your address is different from the address at the time of the acceptance announcement, please contact the Graduate School of Medicine (Office of Academic Affairs, School of Medicine) (E-mail: [gr-a-gakumu-med@omu.ac.jp](mailto:gr-a-gakumu-med@omu.ac.jp)) or submit a notice of change of address to the post office.

Note : If you registered only an overseas address at the time of online application registration, please inform the Graduate School of Medicine (Office of Academic Affairs, School of Medicine) of your address in Japan by the date of the announcement of successful applicants.

- (3) Once registered, the information cannot be changed. If you notice a mistake before paying the examination fee, please do not pay the application fee and register again from the beginning. Cancellation of an application after it has been accepted will not be accepted.
- (4) The “Application Receipt Number” shown on the application confirmation form is not the examination number.
- (5) Incomplete applications may not be accepted. If an incomplete application is found, we may contact you at the phone number or e-mail address you provided during registration. Please make sure to register a valid contact number.
- (6) The Examination fee already paid will not be refunded except for the following reasons.

○Reasons for which the examination fee may be refunded:

- You paid the examination fee but did not apply.
- The application documents are not accepted due to incompleteness, etc.
- The Examination fee was paid in duplicate.
- Examination fee was paid by students in the master or professional degree programs of Osaka Metropolitan University, Osaka Prefecture University or Osaka City University.
- Japanese Government (Monbukagakusho:MEXT) Scholarship student enrolls in a graduate school of Osaka Metropolitan University.

Note: For refund information in cases 1 through 4, please contact the Admissions Office at Sugimoto Campus within one month of the last day of the application submission period. In the case of 5, the fee will be refunded after enrollment.

- (7) For inquiries on how to operate the Internet application site, please refer to the application site (Japanese only).

## 6 Examination Voucher

After completing the application procedures, a notification regarding the examination voucher will be sent to the e-mail address registered at the time of the Internet application. Please access the URL provided in the e-mail, enter the user ID and password registered on the Internet application site, and print out the examination voucher on A4 size white paper by yourself. The examination voucher will not be mailed.

If you do not receive the e-mail one week before the examination date, or if there is an error in your application, please contact the Graduate School of Medicine (Office of Academic Affairs, School of Medicine). Please bring the printed examination voucher with you on the day of the examination.

## 7 Considerations for Examination

Persons with disabilities or in a situation that requires consideration for the examination, please contact the Graduate School of Medicine (Office of Academic Affairs, School of Medicine) by July 4, 2025.

## [5] Applicant Selection Method

The selection of applicants will be based on a comprehensive evaluation of the entrance examination scores and the contents of the application documents.

The entrance examination will be conducted online. Please ensure to have your printed examination admission ticket ready at the time of the exam.

### 1 Examination Date and Subjects

Exam date and time	Examination subjects
August 22, 2025 13:00-14:00	Specialized subjects (100 Points)

### 1 Handling of Personal Information

Osaka Metropolitan University handles personal information in accordance with the **Act on the Protection of Personal Information** and the **Regulations on the Handling and Management of Personal Information at Osaka Metropolitan University**.

The collection of information will be minimized, and the collected information will be appropriately used and managed in compliance with relevant laws and regulations.

#### (1) Definition of Personal Information

Personal information used in the entrance examination process includes:

- Name, address, phone number, examination number, email address, date of birth, academic scores, health information for special considerations, and any other information that can identify an individual (including information that, when combined with other data, can easily identify an individual).

#### (2) Purpose of Use of Personal Information

- Personal information obtained through the entrance examination, including examination scores, will be used for applicant selection, enrollment procedures, follow-up surveys, research for admission improvements, analysis of application trends, student support services (scholarships, tuition, student life counseling, health management), educational improvements (*FD<sup>1</sup> activities*), and *institutional research (IR<sup>2</sup>)* for university management and operations.

(\*This includes analyzing data by combining it with personal information obtained after enrollment.)

- It may be used for academic research purposes within the university. However, no research results will be published in a way that identifies individuals.
- If data digitization, processing, analysis, statistics, printing, binding, or other tasks are outsourced, the university may provide all or part of the personal information to the contractor. In such cases, contracts

will specify appropriate protection and management measures in line with the **Act on the Protection of Personal Information**.

※1 **FD (Faculty Development)**: Organizational initiatives to improve and enhance teaching methods and content.

- Example: Workshops on teaching methods, training sessions for new faculty members, etc.

※2 **IR (Institutional Research)**: Activities that involve collecting and analyzing internal university data to develop, implement, and evaluate improvement strategies for university management, student support, and educational quality enhancement.

## 2 Provision of Individual Examination Scores

Individual examination scores will be provided as follows:

### (1) Provision Period

- November 5, 2025 10:00 to November 28, 2025 15:00

### (2) Eligible Recipients
