◆ information on credit certification for TEC, TEC1, TEC2, TEC3, and TEC4, please check the course requirements in your field or contact your support office.

Industry-University Collaboration For details, check UNIPA and IDec homepage.

1. Internship

[Open to Master's and Doctorate course students]

Students (including TEC 3 applicants) interested in corporate internships can apply through the C-ENGINE and the Coop-J Consortium's Web system. For details, contact to the Center for Advanced Education in Entrepreneurship and Innovation.

C-ENGINE member companies
<https://www.c-engine.org/student/>

Coop-J Consortium member companies
<https://2022ss-igbr.coopj-intern.com/login>

2. Business network meetings with companies

Planned for
Apr.26(FRI)
Web

[Open to Master's and Doctorate course students and postdoctoral researcher]

The following exchange meeting with companies will be held in collaboration with the C-ENGINE. Participants will learn about the various companies and exchange information and engage in discussion with corporate representatives, seeking to facilitate the search for internships and the development of a future career path.

3. Interactive matching (IM) Open call for applicants.

[Open to Doctorate course students and postdoctoral researcher]

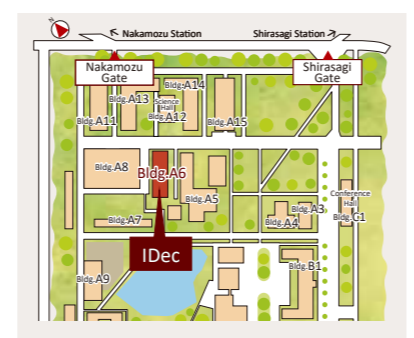

IM involves having a DC student explain his or her research, including its industry-related applicability, to a corporate professional in a different field while, at the same time, promoting himself/herself as a researcher. This will serve as an opportunity for all of the presenters to work on their communication skills when talking to people outside of their field of specialization.

Contact (Office Hour 9:00 to 17:00 Mon to Fri *JST)
