List of International Partner Institutes

Agreement Institutes

Institute of Mathematical Sciences, Dalian University of Technology	China
BK21 Innovation Center for MathScience Research & Education, Pusan National University	Korea
BK Center for Mathematics Research and Education, Kyungpook National University	Korea
Development Project of Human Resources in Mathematics (BK21), Korea Advanced Institute of Science and Technology	Korea
Chern Institute of Mathematics, Nankai University	China
National Center for Theoretical Science, Mathematics Division, National Taiwan University	Taiwan
Taida Institute for Mathematical Sciences, National Taiwan University	Taiwan
School of Mathematical Sciences, Soochow University	China
Department of Mathematics, East China Normal University	China
Research Institute of Real & Complex Manifolds, Kyungpook National University	Korea
Faculty of Science of Sfax, University of Sfax	Tunisia
Institute of Mathematics, University of Granada	Spain
Department of Mathematics, Korea University	Korea
Institute of Mathematics, Viet Nam Academy of Science and Technology	Vietnam
University of Reims Champagne-Ardenne, Laboratory of Mathematics of Reims	France

International Partner Institutes for the Circulation of Talented Researchers

University of California,Davis, Department of Mathematics	USA
Cornell University, Department of Mathematics	USA
University of Massachusetts Amherst, Department of Mathematics and Statistics	USA
University of Cambridge, Department of Pure Mathematics and Mathematical Statistics (DAMTP)	UK
University of Portsmouth, Institute of Cosmology and Gravitation	UK
King's College London, Department of Mathematics	UK
University of Milan, Department of Mathematics	Italy
University of Toronto, Department of Mathematics	Canada
McMaster University, Department of Mathematics & Statistics	Canada
Korea Advanced Institute of Science and Technology (KAIST), Department of Mathematical Sciences	Korea
National Taiwan University, Center for Advanced Study in Theoretical Sciences (CASTS)	Taiwan
University of Tübingen, Department of Mathematics	Germany
University of Bonn, Institute for Applied Mathematics	Germany
Budapest University of Technology and Economics, Institute of Mathematics	Hungary
University of Strasbourg, Department of Mathematics and Computer Science	France
AstroParticle and Cosmology Laboratory (APC)	France
University of Bordeaux, Mathematics and Interactions Faculty	France
Lomonosov Moscow State University, Faculty of Mechanics and Mathematics	Russia
Russian Academy of Sciences, St. Petersburg Department of Steklov Institute of Mathematics	Russia
Institute for Theoretical and Experimental Physics (ITEP)	Russia
Higher School of Economics, Faculty of Mathematics	Russia
