

## 論文リスト

Toshio Saito and Ryosuke Yamamoto,  
On a complexity of open book decompositions and the arc complex,  
in preparation

Ryosuke Yamamoto,  
Open books supporting overtwisted contact structures and the Stallings twist,  
to appear in Journal of the Mathematical Society of Japan

Ryosuke Yamamoto,  
Overtwisted open books and Stallings twist,  
to appear in Proceedings of “Intelligence of Low Dimensional Topology 2006”

Ryosuke Yamamoto,  
Stallings twist which can be realized by plumbing and deplumbing Hopf bands,  
Journal of Knot Theory and Its Ramification Vol.12, No. 6 (2003) 867-876

Hiroshi Goda, Mikami Hirasawa and Ryosuke Yamamoto,  
Almost alternating diagrams and fibered links in  $S^3$ ,  
Proc. London Math. Soc. (3) 83 (2001) 472-492

Ryosuke Yamamoto,  
On fibered 2-bridge links,  
Kobe Journal of Mathematics Vol.17, No.1, (2000) 71-82
