1. Pseudo-differential operators of class $S_{0,0}^m$ on the Herz-type spaces , Hokkaido Math. J. **38**, no.2, 283-302, (2009).

2. Sharp maximal inequalities and its applications to some bilinear estimates , J. Fourier Anal. Appl. **17**, (2011), no.2, 265-289.

3. The Navier-Stokes equations and weak Herz spaces , Advances in Differential Equations, (2011), no.16, 1049-1085.

4. The sharp A_p constant between BMO and weighted BMO , Submitted.

5. An application of weighted Hardy spaces ot the Navier-Stokes equations , Submitted.
