

# Prof. Rhett Kempe 講演会

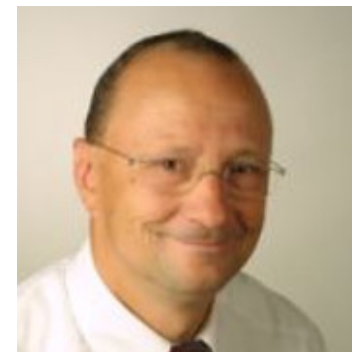

## University Bayreuth, Germany

---

Title : Reaction Discovery by Catalyst Design  
–Olefin and N-Heterocycle Syntheses

日時 : 2023年12月18日 (月) 16:00

場所 : なかもずC: サイエンスホール

The Kempe Group is interested in homogeneous and heterogeneous catalysis and we call what we do catalyst design. In the talk two projects, both are based on molecular or homogenous catalysts, are discussed namely the *polymerization project* and the *alcohol re-functionalization project*.
